

## Don't Let Me Slip Away

Lord, You're amazing You take such good care of me  
So Many times You have rescued, delivered  
Again I am falling, again I am calling  
Don't let me slip away

I thought I'd do better in my faith as I grew  
I'd walk in Your Spirit, no thought of tomorrow  
But now it's tomorrow, and my heart is shaking  
Don't let me slip away

Lord I am afraid in my loneliness  
Where the doubt and the fear are so strong  
Please give me Your comforting care  
For I don't belong anywhere

I know that You love me, I know You won't leave me  
And I still believe that when my life is over  
You'll welcome me home but  
Don't let me slip away

Father would You hold me inside Your love  
Where Your grace gives me strength to go on  
Help me know that Your Spirit is here  
And I have nothing to fear

Take me back to the child that I used to be  
With a carefree and innocent heart  
May I have Your love You give  
As you show me how to live

You're all I have Lord - but You're all I need  
And when I believe - Your grace is sufficient  
I know You are faithful, and You'll never leave me You  
Don't let me slip away

Teach me to love like You, teach me to live in You  
Don't let me slip away

## Believing

If all your world seems grey, living from day to day  
Nothing is going well, life is a living hell of  
People without a heart, taking your better part  
Turning your dreams around, pushing you upside down  
Think back to yesterday, when as a child at play  
You had a faithful friend, nothing could make you bend  
You had the power to anything at all

Believing that the world was a special place  
Believing in God's love for the human race  
Believing could make your dreams come true  
Believing carried you through the day  
Believing chased your fears away  
Believing it was the best thing you could do

Don't give a second thought, to what you haven't got  
Think of the things you have, think on the good not bad  
Life can bring anything, out of your suffering  
Turning a darkened sky, into a reason why and  
People will show you how only if you allow  
They can add harmony to any melody  
People together can do anything at all

Believing that the world is a special place  
Believing in God's love for the human race  
Believing can help your dreams come true oh  
Believing will carry you through the day  
Believing can chase your fears away  
Believing it is the best thing you can do

Believing that the world is a special place  
Believing in God's love for the human race  
Believing can help your dreams come true  
Believing.....Believing  
Believing – it is the best thing you can do

## Did Mary Dance

Did Mary Dance, when she first saw her resurrected son  
Did Jesus have to save her heart from exploding in her joy  
Did Mary Dance, did she laugh out loud  
Did Mary Dance,  
Did Mary Dance

Did Mary sing, did she sing a song like God sang at creation  
Did she sing without a tune, as the words came from her heart  
Did Mary sing a song the angels sing  
Did she sing for her audience of one  
Did Mary sing a resurrection song  
Did Mary sing  
Did Mary dance

Joy unbelievable, joy inconceivable  
Joy that can heal a broken heart  
Who can provoke such unspeakable joy  
But the resurrected Son of God

Did Mary pray when she realized her precious son was God  
Did she worship at His feet, did she know he was The Life  
Did Mary pray a psalm of loudest praise  
Did she pray - did she shout out for joy  
Did Mary pray through a mother's tears  
Did Mary pray  
Did Mary dance

Joy unbelievable, joy inconceivable  
Joy that can heal a broken heart  
Who can provoke such unspeakable joy  
But the resurrected Son of God

Did Mary dance like no one's ever danced  
Did she sing a song the world could not contain  
Did Mary pray the most amazing prayer  
Did Mary dance  
Did Mary dance

## I Need You

You're the one I need, for help with my song  
You - the one I run to when something goes wrong  
Yours the hand I reach for in my fear  
And the voice I'm always glad to hear

You have always promised to be by my side  
You gave me Your Sweet Spirit, to be my guide  
In a world that's desperate for a cure  
There is one thing that I know for sure

### CHORUS

I need You Lord, I need You, how I need You  
I need You like I've never needed You before  
I need Your strength to run this race  
And face the things that I must face  
I need You lord, please hold me close to You

I never had a child, so I can't know the cost  
To sacrifice a son going after the lost  
You paid a price that I could never pay  
So I give my life to You and pray

### [CHORUS]

When I fail in life and my hope is gone  
Or I've lost my faith because I'm not that strong  
When I feel like You're just so far away  
And I can't even find the strength to pray

Then You take my hand and I understand  
How I'm a part of the Master's plan  
And I know that You love me and love that I know what I need

### [CHORUS]

I need Your strength to run this race  
And face the things that I must face  
I need You lord, please hold me close to You

## Risky Prayer

Give me faith, the kind that makes the walls fall down  
Believing faith, so I can share where truth is found

Give me hope like an anchor for the soul  
Help me show how You can make the broken whole

Cause I want to see You  
And see Your hand in my life  
Hear my prayer

Give me love, that they cannot overcome  
Wondrous love, that You brought down from above

For I want to love You  
Have Your love to give away  
And live inside of that love, every day

Give me faith to move a mountain  
Give me hope that sets the captives free  
Give me strength to run the distance  
Give me love that brings life and peace

I'm afraid, afraid to pray this risky prayer  
Make me brave, give me faith that I can share

For I want to please You  
Do Your will in my life  
I will always need Your strength to live as Your light

And I - I want to know You  
To know You in Your suffering  
Keep me always at Your Side my Savior and King  
Hear my prayer, Hear my prayer oh Lord  
Oh my God – hear my prayer

## The Son of God Has Come

What a night of Wonder, such a time of joy  
God sent His love in a baby boy  
Though I don't understand a baby in a manger  
Wise men and shepherds and angels proclaimed  
    The Son of God is born  
    The Son of God has come

Tiny incarnation when God became a man  
To reconcile creation to His perfect plan  
No one could have known in the still of that night  
How He pierced our darkness with His holy life  
    The Son of God is born  
    The Son of God has come.....into our world  
    The seed of a promise to set all men free  
    And deep in that mystery  
    This Child of God came to die for you and me.

The Holy One of Heaven who left behind a throne  
Brought us salvation - calls us His own  
And though I don't understand a baby in a manger  
Wise men and shepherds and angels proclaimed  
    The Son of God is born  
    The Son of God has come

## **The Glory of the Lord** (based on a poem by Dan Scott)

There is no Glory like the Glory of the Lord.  
There is no story like His story that is  
Told of His Glory, of the Glory of the Lord  
The story that is living, and is present to behold

The Glory of the Lord, the Glory of the Lord

Come and enter with Him into the story of the Lord  
Sons and daughters born now into the Glory of the Lord  
There is no Glory like the Glory of the Lord  
There is no story like His story that is told

The Glory of the Lord, the Glory of the Lord  
The Glory of the Lord, the Glory of the Lord

Come to the wonder to the Holy One  
Come and enter with him into, the story of the Lord

The Glory of the Lord, the Glory of the Lord  
The Story of the Lord, the Glory of the Lord  
The Glory of the Lord most holy  
The Glory of the Lord most high  
The Glory of the Lord

The Glory of the Lord, the Glory of the Lord  
The Glory of the Lord, the Glory of the Lord

There is no Glory like the Glory of the Lord.

### **Original Poem by Dan Scott**

There is no Glory, like the Glory of the Lord  
There is no story, like His story that is told  
The story of His Glory, of the Glory of the Lord  
The story that is living, and is present to behold  
Come and enter with Him into the story of the Lord  
Sons and daughters born now into the Glory of the Lord

## God Was On My Side

Long ago when I was young, they said I had a guardian angel  
They must know - so I named him Joe and I would talk to him  
Every day I could be brave for I had confidence that  
God was on my side.

As I grew, went on my way with my confidence  
God and Joe got left behind 'cause I was doing fine  
And didn't know that I'd let go of something so beautiful when  
God was on my side

Then my dreams were shattered, plans came undone  
And time did take its toll  
While memories haunted me - calling me back  
To the place where I had faith that

God was real and He had sent His angle to watch over me  
My big mistake to forsake His custody  
But finally I came to see that now I long to be where  
God was on my side.

So if you're facing giants today and you must take a stand  
Ask the Lord who loves you more than you'll ever know  
To take you by the hand

I left behind the world I'd known with my confidence  
To bow before the holy throne in repentance  
And find that I'm God's very own with the confidence that  
God was on my side.

How I wish that everyone could know the confidence that  
God is on your side.

## Worthy Is the Lamb

### CHORUS

Worthy is the lamb that was slain  
Worthy is the lamb that was slain to receive  
Power and wealth, wisdom and strength  
Honor and glory and praise

You are worthy Lord and God, the creator of all things  
Of glory, honor, pow'r and praise for by Your will all have their being

### [CHORUS]

Holy, holy, holy as the living creatures sing  
Is the Lord Almighty God who was and is and is to come

### [CHORUS]

The elders and creatures all sing a new song  
You are worthy to open the scroll  
Your blood purchased men out of all of the earth  
You have made them a kingdom and priests  
To serve our God and reign on earth  
The Lamb of God

To Him who sits enthroned and also unto the Lamb  
Glory, honor, power and praise are Yours forever and forever

### [CHORUS]

To receive power and wealth, wisdom and strength  
Honor and glory and praise be to our Lord  
The Lamb of God

## Psalm 121

I lift up my eyes to the hills, where does my help come from  
My help comes from the Lord, the maker of heaven and earth  
He will not let your foot slip  
He watching over you will not slumber  
Oh He who watches o'er Israel will neither slumber nor sleep  
Neither slumber nor sleep

The Lord watches over you  
The Lord is the shade at your right hand  
The sun will not harm you by day, nor the moon by night  
The Lord will keep you from all harm, He will watch over your life  
The Lord will watch over your coming and going  
Now and forevermore.  
Both now and forevermore

The Lord will hold you the Lord will heal you  
The Lord God is the maker of heaven and earth  
The Lord will love you the the Lord will fight for you  
The Lord will keep you both now and forevermore

I lift up my eyes to the hills, where does my help come from  
My help comes from the Lord, the maker of heaven and earth  
He will not let your foot slip  
He watching over you will not slumber  
Oh He who watches o'er Israel will neither slumber nor sleep  
Neither slumber nor sleep  
Neither slumber . . . nor sleep

## Your Love

I want to see You in the sunshine, feel You in the rain  
Hear You in the laughter, know You through my pain  
I need to be with You at the start of every day  
Hold me when I'm falling, don't let me slip away from  
Your love.....Your love

You are with me through the winter, and if I feel despair  
I rest inside the confidence that You are always there  
To feel Your love around me, lay a siege for all my heart  
Teach me to be more like You, let me be a part of  
Your love.....Your love

Deep within my soul, there lies a broken place  
Though many times I tried my hand  
Only You can heal it with Your love and grace

Would You call my name forever, the name You gave to me  
Take my heart in to Your hands, and everyone will see  
I am safe within Your story for all eternity  
Sing Your song that heals my soul  
Help me enter into  
Your love.....Your love  
Your love.....Your love  
Your love.....Your love  
Your love.....Your love
